9 January 1961

Dear Jim:

I am sending you the attached list in connection with my telephone call on Friday last to 

25X1A

It would big a big help if you would have the blue company identification cards made up in these names and returned to us for completion and laminating in the field.

I am sure you will recognize the identities on the second page as being your own employees. Bill indicated that for this group you would also send copies of their existing employee photographs.

Many thanks for your prompt attention to this matter.

James A. Cunningham, Jr.
